| <ul style="list-style-type: none"><li>• Developed a web-based music recommendation system for personalized user suggestions, improving user experience and recommendation accuracy</li><li>• Designed and Implemented a responsive UI using HTML, CSS, and JavaScript</li><li>• Applied recommendation algorithms, including content-based and collaborative filtering</li><li>• Utilized Python libraries (NumPy, Pandas, scikit-learn) for data processing and model building</li><li>• Built backend functionality for handling user data and authentication</li><li>• Integrated MySQL database for storing user preferences and song data</li></ul> |                              |

## "Little Colors, Big Art"

08/2025 – 09/2025

### *A Web-Based Digital Drawing App for Kids*

- Developed a web-based drawing application for children, improving usability and engagement through an intuitive interface
- Created an intuitive and interactive UI using HTML, CSS, and JavaScript
- Implemented backend using Node.js and Express.js
- Ensured secure user authentication and personalized data storage
- Focused on usability, accessibility, and child-friendly design.

## Be10X Master AI Classes

11/2025 – 11/2025

### *Web Design Prototype (Figma Project)*

- Designed an interactive web interface prototype using Figma as part of Be10X training
- Focused on layout, typography, color balance, and user experience
- Created a clickable prototype for real-time user interaction

## CERTIFICATES

---

### **Certified Machine Learning Engineer (NSQF Level 5)**

- Completed an industry-aligned, 630-hour hands-on program covering data analysis, feature engineering, machine learning algorithm development, model evaluation, and deployment support
- Gained real-world on-the-job training, along with skills in communication, teamwork, and workplace readiness
- Aligned with Telecom Sector Skill Council & National Skills Qualifications Framework (Government of India)

### **QuizCred Brain Battle**

Poornima University (PU), Jaipur

Issued on: 28 Feb 26

### **Shortest Path Pvt. Ltd.**

#### On-the-Job-Training.(QJT) Completion Letter

- Gained hands-on exposure to **real-world AI-driven Go-to-Market (GTM) strategies.**

## PROFESSIONAL EXPERIENCE

---

### **On-the-Job Training – GTM (AI & Marketing)**

02/2026 – 02/2026

*ShortestPath Pvt. Ltd., Mumbai*

Mumbai, India

- Completed a **120-hour training program** focused on AI-driven marketing strategies
- Collaborated with team members on real-world business and marketing use cases
- Applied AI concepts to support product positioning and market analysis
- Demonstrated strong problem-solving, adaptability, and teamwork skills
- Incorporated mentor feedback to improve project outcomes

## **STRENGTHS**

---

- Strong combination of creative and technical skills (Design, Development, AI)
- Analytical thinking and problem-solving abilities
- Ability to build user-friendly and scalable applications

## **DECLARATION**

---

I hereby declare that the above information is true and correct to the best of my knowledge and belief.
